GenerationRx

Preventing the Misuse and Abuse of Prescription Medications

The Ohio State University College of Social Work, College of Pharmacy and Cardinal Health have developed tools to measure outcomes related to GenerationRx.

We created two evaluation tools: one aimed at youth and one aimed at adults.

How To Get Involved

1. Conduct your session/program as planned. At the end of the program, please ask each adult or youth who attended the event to complete the survey and return it to you before they leave.
2. Contact Becky Wade-Mdivanian at wade-mdivanian.1@osu.edu and indicate your organization's name, title of event, intended audience (youth or adult), number of participants and date of event.
3. Scan and e-mail completed surveys to Becky at wade-mdivanian.1@osu.edu or mail to:

   Rebecca Wade-Mdivanian
   1947 College Road
   Stillman Hall
   Columbus, OH 43210
